Dual Voice Coil In-Ceiling Speakers

ID652

Channel Vision's ID652 dual voice coil in-ceiling loudspeakers deliver stereo sound from a single speaker. They are ideal for balanced coverage and for use in confined areas where only one speaker can fit such as small rooms, bathrooms, and hallways.

Features:

- Mica-filled polypropylene woofer with true rubber surround
- Dual ½" fluid-cooled ultra-wide dispersion mylar tweeters
- Tweeters swivel independently up to 45 degrees
- Tweeter protection using thermal sensing polymer switches
- Dual 2nd order Butterworth crossover networks
- Recommended power: 5W to 100W

Specifications:
