

## Insu-Flate

### Protect Your Loudspeakers with INSU-FLATE

The ISF-147 will protect in-ceiling loudspeakers against abrasive insulation fibers and dust particles that can get into the voice coil assemblies and disable loudspeakers. This great "Pop-Up" nylon loudspeaker cover is a simple and cost effective solution that will significantly improve your installations over the "long haul".

- One size fits all
- 14" Diameter
- 7" High
- Individually packaged

*Lifetime Limited Warranty*

## Insu-Flate

### Step 1:

Place hands on each side of the Insu-Flate facing opposite directions.

### Step 2:

Fold or "twist" the Insu-Flate into a figure eight shape.

### Step 3:

Bring hands together while gently continuing the twisting action.

### Step 4:

Form into a circular position.

Above are images showing step-by-step instructions on how to fold the Insu-Flate into its original deflated packaging position.

\*See right side for detailed instructions on each step\*
